- Ensures compliance with 15-minute flush requirement for primary eyewash stations

One chance. One choice. Sterile.

Honeywell has taken emergency eye care to a whole new level. The Fendall 2000™ delivers 100% sterile eyewash solution from a completely sterile delivery system. With the Fendall 2000, injured workers are treated with 100% sterile, buffered and physiologically balanced saline solution free of contaminants, bacteria, corrosives and pollutants.

Sterile saline solution adheres to FDA guidelines for providing sterile eyewash solution in self-contained emergency eyewash stations.

0% Bacteria

0% Molds

0% Fungus

0% Pollutants

100% Sterile Eyewash
